

Welcome to the Auckland Showgrounds – it’s great to have you back

We all have a shared responsibility in helping beat the spread of the pandemic, so we’ve made a few changes to keep everyone safe when visiting:

Scan

All visitors are required to scan the QR code on the NZ COVID Tracer app as you arrive and turn Bluetooth tracing on. Paper register will also be available

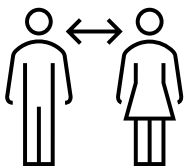

Be responsible

We encourage all visitors to continue to wear a face covering during your visit to the Auckland Showgrounds.

Practice good hygiene

Wash your hands thoroughly and use our free hand sanitiser stations.

Respect other visitors

Keep your distance and appreciate that some people may still be apprehensive.

Please remember: if you’re feeling unwell, do not visit the Auckland Showgrounds, stay home.

Our teams are working hard to make this a comfortable visitor experience for everyone, and we thank you for your assistance with these measures.

We confirm we have complied with the government’s guidance on managing the risk of COVID-19.
