TV SCREENS,  
GIANT LED VIDEO WALLS,  
DIGITAL DISPLAYS,  
& AUDIO SYSTEMS

### ENGAGING CONTENT- MAKE IT COUNT

You have 3 to 5 seconds as your visitors approach your stand before making the decision to walk on or stop to talk.

You will want to make that time count by grabbing their attention with bright scrolling graphics on a TV, or an impacting extra large format with an LED wall.

### TECHNICAL ASSURANCE

Our technical assistants will set up everything for you, leaving you to focus on your visitors. We provide you with a positive technology experience.

Show the full scope of your products or services.

Use dynamic imagery and video on a digital display.

## DISPLAY SCREENS

## LED WALL OPTIONS

### LED Wall panels

Move on from static printed wall paneling. Change to large screens which can rotate though your branding and videos. LED walls are superior signage meaning brighter and more engaging than printed signage. Digital walls clip together to form any format, square, tall, long, & curved.

**\$ Price on application**

## DELIVERY & SET UP

Your delivery and set up fee also includes our committed technical support.

We deliver, set up and check everything with you before we leave you with the confidence of a technology trouble free show.

We also like to deliver while you are at your booth to ensure everything is placed and connected correctly.
